Caribbean Luau honors and highlights the Caribbean's culture, language, music and the arts of dance.

This music journey takes to the islands of Cuba, Jamaica, Haiti and Puerto Rico as we celebrate our common history.

We also pay tribute to the Big Band Music of the Golden Era, as this music had an influence on the music of the Caribbean.

This beautiful Estate was part of one of the Tainos main departure and arrival in their canoes to all over the Caribbean and South America.
